## MEET NALA!

Nala is a 2 year old female mixed breed pup in need of your help!

Nala, is a **lively** and **affectionate** girl. Unfortunately, her initial adoption was unsuccessful, and she was returned due to conflicts with the resident dogs. This poor girl is so confused being back in the shelter and is desperate to get back into a loving home. Her new home should be an adult-only household where she can be the only dog, allowing her to relax and be the **center of attention**. An experienced adopter who can allow her to properly decompress is essential. With the risk of being time-stamped again looming, Nala needs a **Christmas miracle** to find her forever home. She is spayed, microchipped, and fully vaccinated. She's about 40 pounds and a **real love bug** that truly deserves a second chance.

**Please save Nala's life and be her hero. Give her the life she should be living!**

ALL ADOPTION FEES ARE WAIVED!
